About us

Proxceed fertility supplements were developed by Alfasigma HealthScience, a company which has dedicated many years of research on carnitine and its role in metabolism and health.

At Alfasigma HealthScience, we believe that food supplements should be supported by strong scientific research and testing. That's why we are committed to taking a scientific approach and applying pharmaceutical grade quality ingredients and controls to each and every one of our products.

ALFASIGMA 

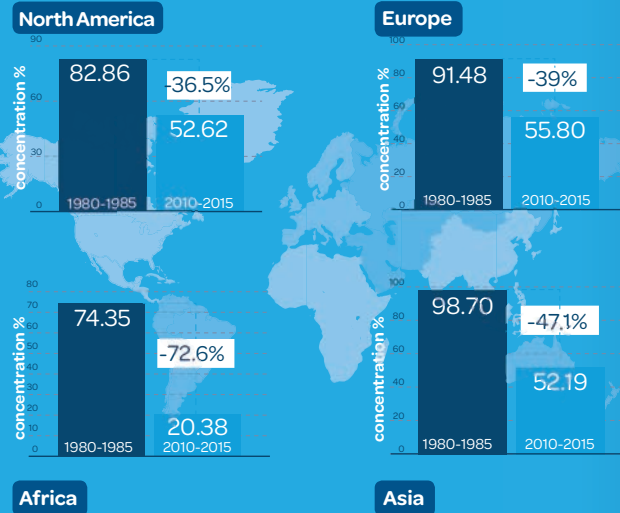

Proxceed[®] MEN

**Focused
on fertility**

Sperm Concentration has declined by 57% worldwide

- Up to 50% of cases of infertility are idiopathic
- Stress, diet, being overweight can lead to high oxidative stress and sperm damage

Men with oligoasthenospermia have:

- High oxidative stress
- Low levels of antioxidants
- Low levels of carnitines

Original Proxeed Formula further improved with

- ✓ Patented Tricar® Carnitine System
- ✓ L-arginine
- ✓ Vitamin E, Vitamin D

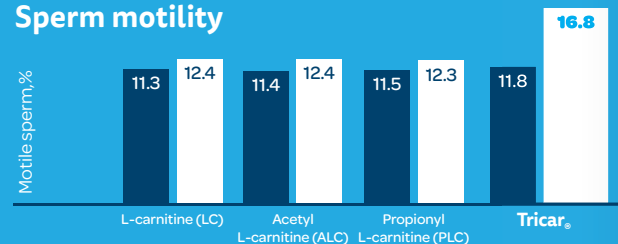

Tricar: CLINICALLY PROVEN CARNITINE SYSTEM

Sperm concentration

Sperm motility

Clinically Proven to Improve Sperm Quality

- ✓ Count, Concentration
- ✓ Motility, Forward Motility
- ✓ Reduce DNA Fragmentation

Multifunction Ingredient System

Supports Sperm Maturation and Blood Flow
